Maintenance:

Fresh Phase I-IV Inspection c/w in April 2007, Phase V Inspection complied with November 1, 2006.

Interior:

(September 2007) The Aircraft Accommodates Two (2) crew members, Plus nine (9) passengers in a center club seating arrangement. Individual cabin chairs recline, track forward, aft, inboard and outboard, and feature under seat storage drawers. Cabin upholstery is fire blocked and completed in soft tan leathers, complimented by ultra leather headliner and custom woven wool carpet. All woodwork is complete in a tasteful laminate with a high gloss finish and all fixture have been gold plated. The forward refreshment center and bar features a hot beverage dispenser, and has ample storage space for drinks, snacks and ice. The lavatory features a belted flushing potty seat. The center seating has dual executive worktables. Ample Luggage space is provided in two (2) external baggage compartments, located in the nose and the tail section of the aircraft. Additional space in the lavatory allows passengers to store baggage in the heated and pressurized cabin, which is also accessible during flight.

Exterior:

(September 2007) White with Red and Gray Strips.
